Bilateral Relations and Economic Development Through ETEC's Programs

*I am student from France at ETEC in India
I know the the culture, language , economy
and politics of my country and EU.
I came to India at ETEC to learn the Indian
economy, culture and language. To know the
techniques and practices in the domain of my
competencies. which have potential in French
market.*

*I am confident and aims to represent and
develop Indian business in France as par my
competence, network and personal and
professional contacts / relations. I can also
become innovative entrepreneur in India
ultimately the Ambassador of France in my
domain.*
